III B.Tech. I Sem., I Mid-Term Examinations, September- 2014

DATA COMMUNICATION AND COMPUTER NETWORKS

Objective Exam

Name: _____ Hall Ticket No.

						A				
--	--	--	--	--	--	---	--	--	--	--

Answer All Questions. All Questions Carry Equal Marks. Time: 20 Min. Marks: 10.

I Choose the correct alternative:

1. Data exchange takes place in _____ phase of circuit-switched network []
A) Setup B) Data transfer C) Tear down D) None of the above
2. In burst error, _____ data bits are changed. []
A) 1 B) 2 C) 2 or more D) 0
3. _____ bit checksum is used by internet []
A) 4-bit B) 8-bit C) 16-bit D) 32-bit
4. NRM used for []
A) Point-to-point links B) Multi-point links C) Both A and B D) None of the above
5. Number of channels used for transmission in CDMA []
A) 1 B) 2 C) 3 D) 4
6. The layer responsible for delivery of a packet from source to destination across multiple links is []
A) Transport B) Network C) Data link D) Physical
7. Which of the following protocol supports newer applications? []
A) IP B) TCP C) UDP D) SCTP
8. In which topology a dedicated point-to-point link between each and every devices? []
A) Star B) Bus C) Mesh D) Ring
9. Multiplexing offers _____ []
A) Anti-jamming B) Efficiency C) Spreading D) Privacy
10. Identify an analog multiplexing technique that combines analog signals []
A) TDM B) FDM C) WDM D) none of the above

Cont.....2

II Fill in the blanks

11. _____ refers to the structure or format of the data, meaning the order in which they are presented.
12. RFC stands _____.
13. _____ refers to the physical or logical arrangement of a network.
14. At each layer, _____ or possibly _____ can be added to the data unit
15. The physical address, also known as the _____.
16. A _____ is a composite analog signal with an infinite bandwidth.
17. According to _____ any composite signal is a combination of simple sine waves with different frequencies, amplitudes, and phases.
18. SONET stands for _____.
19. _____ extend the length of the links.
20. _____ is a cell network in which each cell has a fixed size of 53 bytes.
